The Gimlinites bumped into another greak of hard luck yesterday. In fact, there were a couple of streaks, and as a result our team is now firmly established as the leading team on the bottom of the Tis a pity that the team in last place does not get the pennant—then it would be a cinch for Salt Lake. Then the boys could play their best, and blind, unfeeling luck would step in and win for

in yesterday's double-header Spokane was the first by a score of five to two. the Redskins took the second by a score wave to four-which was not so bad, but yss bad enough, Reilly and his braves have gone to Butte, where they will play a series, while Sait Lake and Boise fight it out in the Idaho town.

The stars in yesterday's doings were ray, with his big club, and little Max Muller, the far-catoner, who works in and soul left garden. Frary did the chief hesisess for Spokane. In each game he impasted out a home run, the first bringing three runs, and the second bringing two runs. Both helped materially in signing the game.

Then he pulled for the same and carney, who was doing a hot-foot for me. Hannivan in middle, and Relly and Weed at third played a fine game, and deserve great credit for their high case work. The fielding on both sides in each game was about as fast as anything seen here this season, and it is really hard to explain why the locals did not win at least one of the games.

The runs came in about as follows: In the first game and the first inning Muller sored on his two-bagger and a single by Hannivan. Gim hit safe in the eighth, got second on an error and scored on a hingle by Delmas. That was all.

The Indians did preity good business. Carney got second on a wild throw and galloped home on a hit by Rockenfield. In the fourth Reilly walked and got to second on Holland's sacrifice. He came in a moment later on Staniey's hit. Meredith gave Ferris and Rockenfield a walk in the fifth, and then this indian Frany came up and soaked out his first homer. In the second game, Essick and Hoog were the opposing pitchers and broke shout even, Hogg having the better of one hit. He got off with eight safe ones, while Essick was touched up for nine. It was in the seventh inning of the second game, when Salt Lake had a great chance to win, that Frary lifted another one over the fence, bringing in two runs. SCIENCE PREVENTS BALDNESS. The Fatal Germ and Its Remedy Now Facts of Science.

Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, head be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannet, in the Maryland Block, Butte, Mont, was entirely bald. In less than a menth Herpicide had removed the enemies of hair growth, and nature did take hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. SATURDAR'S BASEBALL GAME After Ten Innings Struggle, Gimlinites Defeated the Redskins.

Defeated the Redskins.

Saturday afternoon at Walker's field the Selt Lake ball team defeated the Spokane Indians, after a terrific struggle of ten long innings. The score was six to five-indicating a pretty close fight.

It was nip and tuck all the way, and was anybody's game until the last Lamanite was made to bite the dust. Once more young Tozer pulled the locals out of the hole, and established himself the best pitcher on the Salt Lake team. Titus started out for Salt Lake, but lasted only a couple of innings, when he was replaced by Tozer. At that time the Redskins were five runs to the good, but when Tozer started to do business, the Indians were made to bite the dust in short order, and they got nothing. He pitched a wonderful game, and the support given him was all that could be asked. It took ten innings to put an ed to hostilities, and Salt Lake finally carried off the honors. The detailed score of the game follows:

In an interview with the writer, former Umpire Frank Jones acfended President Lucas from the press attacks recently made on him. Jones said:

Negotiations were begun with Albany which resulted in his purchase by Boise, a legitimate transaction subsequently approved by Secy. Farrell of the national board.

"Mr. Lucas insists upon the players observing the rules and backs up his umprires in punishing the rowdies.

"The reporter on the Spokesman Review claims that Mr. Lucas shows partfailty to Mr. McClockey. In 1902 while McCloskey was manager of the Butte team, he was fined \$25.50 and suspended five days for rowdy tactics on the field.

"Mr. Lucas' friendship for McCloskey covers a period of many years and they have been intimately associated with one another in the formation of clubs in many cities.

"PENNY" GOSSIP.

At Butte on Saturday afternoon, the Infants, under McCloskey's care, were given a pretty severe drubbing by Wilmot's smoke-eaters. The score was seven to three, and was brought about by bunching hits on McFarlan, and Sporer's splendid work in the box for the Miners.

Reports have it that Elmer Meredith, the little southpaw of the Salt Lake team, is not satisfied with his work here so far, and that he is anxious to secure a release before the team goes away. He has several good offers and wants to accept one of them, and it is understood that the management will put nothing in his way to better himself. He feels that he has nebeen in good shape, and believes he could do better elsewhere. His release may be expected at any time.

"Jones and Russell" will not longer be on the bills announcing the horse races at Calder's park track. These two gentlemen have decided to dissolve partnership, as the result of a dispute which occurred between them a few days ago. Mr. Jones concluded to drop out of the racing game, and Mr. Russell has assumed management of the track, and will go it along from henceforth. The disruption of the management will make no difference in the promotion of races at the resort.

The L. D. S. U. champion basketball team, composed of Manager Joe Stanton, Sidney Christy, O. Lund, F. Director of Athletics, Willard Bean, was unable to go with the boys on account of pressing business engagements. The first big game is scheduled for Wednesday afternoon in the stadium and the local team expects. is scheduled for Wednesday afternoon in the stadium, and the local team expects to be able to give a good account of itself. The boys are all in fine shape for the ebig struggles they will participate in, and their admirers have confidence of their ability to hold their own against the best there is in the Cyclone City. Joe Smith did not go with the team.

Advices just received from Paris says that Iver Lawson of Salt Lake was defeated on his arrival in the French capital in a great match with Henri Mayer, winner of the Grand Prix. Th efirst heat, at 1,000 metres, Lawson took the lead at the start and led form 700 metres, when Mayer overtook him and beat him out in a terrific finish by the length of one wheel. The second heat, at 900 metres, was also won by Mayer, Lawson led for 800 metres, but Mayer again overtook the American and won by two lengths, Lawson has issued another challenge to Mayer.

It is expected that cricket will be all the rage here in a few weeks. The Salt Lake Cricket club has been organized, and the Englishmen are being stirred up to unusual enthusiasm. There is a meeting this evening, when a team will be selected to go against the Ogden team this month. Match games have been arranged for on the 24th and 25th, to be played at Ogden, and the local players believe they will be able to carry off the honors. There has been some talk of playing the games at Lagoon, and this may be done, although it has not been definitely decided upon.

Through the efforts of Drs. M. R. Stewart and J. M. Dart, there will be a meeting of crackshots at the Atlas block on Wednesday evening at so'clock, the purpose of which is to reorganize the Gunclub of Sait Lake. Many Sait Lakers who delight in shooting, have manifested a desire to belong to a gun club, and now it is proposed to form one and make the organization permament. KAISER WILHELM'S CONGRATULATIONS

Sent to the Colonel of the Wyborg, Finland, Regiment, of Which He is Honorary Colonel.

ON PROSPECT OF MEETING JAPS.

The Telegram Causes Much Comment And is Variously Interpreted.

St. Petersburg, July 10 .- A sensation has been caused by the publication in the Russky Invalid, the army organ, of a telegram from Emperor William to the colonel of the Wyborg (Finland) regiment, of which the emperor is honorary colonel-in-chief. The emperor congratulates the regiment on the prospect of meeting the Japanese and adds that he is proud his regiment will have the honor of fighting for its emperor, the fatherland and the fame of the Russian army. In concluding the emperor says:

"My sincere wishes accompany the regiment. God bless its standards." This telegram was only published this morning, but by evening its contents had become widely known and formed the general topic of conversation. A considerable section of the public even deduced from the message that Germany intends before long to abandon her position as a mere onlooker with regard to events in the far east. In diplomatic circles, while the gram has caused much surprise and comment, it is immediately asso i with the approaching commercial treaty negotiations in Berlin. It seems to be generally understood that Russia is prepared to make considerable tariff concessions in exchange for the benevolen; neutrality of Germany during the war, as well as for the assistance Ger many is rendering in keeping the en-emies of the Russian government in Germany under police surveillance. Moreover, it has been repeatedly af-firmed that Russia desires to raise

Sheriff Fox, from whom Logan escaped, positively identified the photo-graphs of those of Logan. So did Jailer Thomas Bell, whom Logan held up at ne point of a pistol while escaping from jail.

The outstanding reward for the bandit is variously estimated at between \$18,000 to \$30,000. It is probable that the remains will be exhumed and fur-ther identification established, as Lohad many bullet marks on his
